SEATS

# Grandes ideias raramente aparecem na frente das telas de computadores em momentos de concentração.

A criatividade geralmente aparece em encontros espontâneos, durante conversas informais em lugares inesperados.

A Linha Seats foi projetada para encorajar estes encontros breves e casuais, que podem acontecer em qualquer lugar, a qualquer hora do trabalho.

## Puff Redondo

O puff redondo é mais do que um simples assento, ele é o precursor, um símbolo deste movimento de aproximar pessoas, de reunir de forma casual e simples.

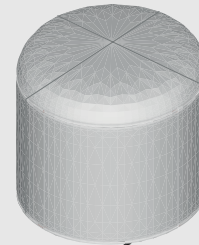

Em três tamanhos e duas alturas, possibilitam a criação de espaços distintos, desde uma simples aproximação, até espaços mais lúdicos e divertidos.
